

**FOR A DIFFERENT TAKE
ON BATHROOMS,
IT HAS TO BE STEGBAR.**

A JELD-WEN Company

JETT BATHROOM HARDWARE.

For most, a mix of white and chrome, or perhaps a satin finish, make the perfect match for their bathrooms. But design has just taken a dark turn and, for the few, there is an alternative that ensures bathrooms will never look the same again.

Our new Jett hardware is constructed from solid brass finished in an impossible-to-ignore matte black. Suitable for 8mm and 10mm toughened glass, the Jett range is a totally different take on bathrooms.
