SITELINE WINDOWS & DOORS

WHEN IT COMES TO COMPLETELY TRANSFORMING YOUR HOME
IT HAS TO BE SITELINE.

Siteline windows and doors are a unique combination of aluminium on the outside and timber on the inside.

It's the smart choice in windows and doors. Giving you the benefits of timber and aluminium all rolled into one. From the inner, you live with the peace, warmth, energy efficiency and beauty of cedar. To the outer, you have the peace of mind, durability and practicality of aluminium. Siteline gives you the best of both worlds.

- One of the most energy efficient products available
- Low maintenance
- Bushfire compliant for peace of mind
- Acoustic efficiency
- Design freedom

ENERGY EFFICIENT

AS WELL AS KEEPING YOUR HOME COMFORTABLE ALL YEAR ROUND, SITELINE'S INTELLIGENT CONSTRUCTION OFFERS SUPERIOR ENERGY EFFICIENCY TO ALMOST ANYTHING ELSE ON THE MARKET.

Starting with the use of certified sustainable Western Red Cedar, one of nature's great insulators, the timber breaks the heat transference that regularly occurs with aluminium frames. Even in larger sizes that allow significant amounts of natural light, a six-star energy rating is easily achievable.

- One of the most energy efficient window and door ranges available
- Only certified sustainable Western Red Cedar
- Keep your home cool in summer and warm in winter
- Reduce your energy consumption

SITELINE DELIVERS A NEW
CLASS OF ENERGY EFFICIENCY BY
COMBINING WESTERN RED CEDAR
FRAMING WITH DURABLE ALUMINIUM
AND HIGH QUALITY GLAZING
